

TEACHERS' FORMATION 2ND SESSION IN HONOR OF BLESSED VICTORIA DIEZ

One of the projects of the Teresian Association Apostolic Center in Malaybalay, Bukidnon (Phipippines) is The Teachers' Formation. This year is its 2nd year of existence. For this year, it has been organized by a team composed of 3 faculty members of a state university (Bukidnon State University) and is coordinate by a TA Primary Association member, Carmen Sayo. The series of seminars within the year are scheduled according to the feasts of three great educators in the Teresian Association: St. Pedro Poveda, Blessed Victoria Diez and Venerable Josefa Segovia.

Last August 17, 2013 was the 2nd session in honor of BLESSED VICTORIA DIEZ.

The topic was: Filipino Children and Youth Re-Affirming Personal and Social Values.

Those who attended were students taking up education and will graduate in March plus a teacher from a Technical institution. They were around 170 in attendance

Both speakers are very young teachers in the university. The discussion was very lively and the audience was so interested. It was a joy to hear the young male teacher, Albert Villanca citing Victoria Diez' faith that she was ready to offer her life because of her strong faith in God. While the female teacher, Lora Anar. cited St Pedro Poveda's text addressed to teachers.

During the session I could feel Victoria's presence for the seminar/workshop went so well .
